DETAILED ACTION

Allowable Subject Matter

1. Claims 1-9 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 1-9 are allowed due to the addition of the amended language clearly defining top and side in the claim. The amendment renders the question of the validity of applicant's arguments moot. Accordingly the claims are allowed due to the inclusion of limitations clearly defining how the luminous flux is incident on the dichroic prism (see amended claim 1 for the specifics), which was not found in the prior art coupled with the other limitations of applicant's sole independent claim 1 in either an anticipatory or obvious manner. Accordingly all claims (1-9) are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Andrew T. Sever whose telephone number is 571-272-2128. The examiner can normally be reached on 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Judy Nguyen can be reached on 571-272-2258. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
